1. Overview of EIT Urban Mobility

EIT Urban Mobility, supported by the European Institute of Innovation and Technology (EIT), acts to accelerate positive change on mobility to make urban spaces more liveable.

EIT Urban Mobility is an initiative of the European Institute of Innovation and Technology (EIT). Since January 2019 we have been working to encourage positive changes in the way people move around cities in order to make them more liveable places. We aim to become the largest European initiative transforming urban mobility. Co-funding of up to € 400 million (2020-2026) from the EIT, a body of the European Union, will help make this happen.

*We create systemic solutions that will **move more people around the city more efficiently and free up public space.***

*We bring **all key players in urban mobility together** to avoid fragmentation and achieve more.*

*We **engage cities and citizens** from the word go, giving them the opportunity to become true agents of change.*

The EIT Urban Mobility S.L delivers breakthrough innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of European corporations, SMEs, start-ups, universities, and research institutes.

As a Knowledge and Innovation Community (KIC) of the European Institute of Innovation and Technology (EIT), the EIT Urban Mobility S.L is focused on entrepreneurship and is at the forefront of integrating education, research, and business by bringing together students, researchers, engineers, business developers and entrepreneurs. This is done in a pan-European network of Co-Location Centers (CLCs), 5 Limited Liability Companies respectively based in Germany, Czech Republic, Denmark, the Netherlands, and Spain and the EIT Urban Mobility Foundation.

We create systemic solutions that will move more people around the city more efficiently and free up public space.

We bring all key players in urban mobility together to avoid fragmentation and achieve more.

2. Scope of the experts involved

Notification

By the present procurement procedure, EIT Urban Mobility relaunches the call for Expression of Interest in “Selection of a framework expert evaluators, rapporteurs and external observers”, that was published on the EIT UM Website from **17th May 2024 until 12th July 2024** to create a pool of experts in these fields.

EIT Urban Mobility republishes the Expression of Interest, with the aim to extend the pool of Evaluators, Rapporteurs and External Observers.

Please note: Applicants who have already participated in previous launches should abstain from participating in this launch as this is meant to be an extension of the existing pool.

2.1. General objectives

EIT Urban Mobility appoints external experts to support the evaluation and selection process of the applications received during the calls launched. The portfolio of proposals to be evaluated cover the Thematic Areas of: Impact Ventures, Citizen Engagement, Public Realm, Market Development, Innovation, and Academy. Independent external expert may assist in the evaluation of proposals, or in performing rapporteur role during the evaluation process or during the selection committee meetings, or act as independent external observers. Skills, professional experience, and expertise linked to any of EIT Urban Mobility’s priorities are welcome.

2.2. Detailed scope of work

These general conditions apply to the appointment for experts (hereinafter “Expert”) assisting EIT Urban Mobility for tasks in connection with the evaluation and selection of the proposals stemming from EIT Urban Mobility calls.

2.2.1. Expert Evaluator

Expert evaluators shall be acquainted with the relevant background document (all call-related documents and guidelines) and attend the online briefing training with EIT UM.

They shall qualitatively evaluate the assigned proposals according to the pre-defined evaluation criteria. Expert evaluators must appraise each criterion (and each related question) with a score

accompanied by a clear qualitative statement in English, justifying the given score as well as providing specific evaluation conclusions per criterion. No score can be accepted without adequate explanatory justification. If applicable, suggested recommendations/conditions should be included.

Expert evaluators are expected to attend and to discuss their evaluation opinion and the subsequent scoring in a consensus meeting with other evaluators, chaired by a rapporteur.

We look for experts for each of the below Areas. An expert should at a minimum cover at least one of the topics stated per area, except for Academy where at least two topics should be covered.

Reference expertise by Area:

IMPACT VENTURES

- Incubation, acceleration, and scaling support for European mobility ventures
- Early-stage investments in European mobility ventures
- Public funding instruments for European mobility ventures
- Knowledge of start-up ecosystems and network with key stakeholders, such as venture builders, incubators, accelerators, corporates, science parks and universities, as well as organisations with the focus on the mobility vertical
- Experience in mobility industries (at least one of the **EIT Urban Mobility Focus Areas**):
 1. Active Mobility:
 - § Integrated Mobility
 - § Fostering Walkability
 - § Safety
 - § Route Planning
 2. Sustainable City Logistics
 - § Delivery
 - § Waste Management
 - § Circular Freight (optimization and sustainability of freight or cargo transport within a circular economy framework)
 - § Logistics Infrastructure
 - § Shared-vehicle Services for Logistics
 3. Transport Infrastructure:
 - § Intermodality
 - § Mobility infrastructure
 - § Autonomous Public Transport
 - § On-demand Public Transport
 - § Parking (cars)
 4. Future Mobility

- § Traffic Management
- § Waterborne Mobility
- § Shared Mobility (cars)
- § Urban Air Mobility
- 5. Mobility and Energy
 - § Electrification Cars
 - § Electrification Other
 - § Hydrogen for Mobility
 - § Clean Energy
 - § Battery Tech

CITIZEN ENGAGEMENT

- Citizen/community engagement initiatives
- Citizen participation / social participation
- Co-creation processes
- Behavioural change and behavioural insights
- Design thinking: deploying people- and solution-centred processes to help stakeholders to innovate

PUBLIC REALM

- Architecture
- Urban planning and design
- Public space design
- Community engagement
- Transport planning

MARKET DEVELOPMENT

- Marketing planning in the mobility sector
- Scalable business models
- Product development and product portfolio management in the mobility sector
- Business development and business modelling of new services in the mobility sector
- Innovation in the mobility market
- public procurement processes
- Innovative technologies in the mobility sector
- One or several of the following areas: Urban logistics, inter-modality, mobility and energy, active mobility and micro-mobility, public transport, public realm, intelligent transport systems

INNOVATION

Sustainable urban logistics

- Last mile/First mile Delivery
- Community Collectives
- Optimization and Route Planning
- Green logistics technologies
- Hubs/ Shared Infrastructure
- Vehicles of the Future
- Circular freight solutions / reverse logistics
- Road safety

Energy

- Alternative fuel vehicles
- Electric vehicles (EVs)
- Charging and refuelling infrastructure and technologies for green vehicles, including battery technologies
- Smart grid technologies including local generation and storage
- Vehicles technologies (V2V, V2I, V2X) for green city fleets

Energy - hydrogen

- Technologies that accelerate hydrogen adoption

Future Mobility

- Connected, cooperative and automated mobility (CCAM), including autonomous vehicles and systems
- Smart parking and smart cities
- Real-time mobility management
- MaaS – ticketing, billing, planning
- Micro-mobility
- Security/Cyber Security
- Urban Air Mobility
- Mobility data sharing, interoperability and standards, including open source
- New ICT technologies for urban planning and design (climate neutral cities, low emission zones, etc)
- New technologies to reduce air pollution and noise

Business modelling and commercialisation

- Business model/product/service innovation
- Lean and Agile startup methodologies
- Analysis of business plans
- Investment in mobility products and services
- Commercial strategies in the mobility sector
- Start-up and SME product/service/solution development

ACADEMY – Post-graduate level education (Master and Doctorate level)

- Professional/executive education
- Lifelong learning
- Urban mobility education and training
- Online education
- Education provider management
- Student incubator activities
- EdTech

2.2.2. Expert Rapporteur

2.2.2.1. *Quality Evaluation*

Rapporteurs shall be acquainted with the relevant background document (all call-related documents and guidelines) and attend the online briefing training with EIT UM.

The Rapporteur plays a vital role in the evaluation process. They are collecting the convergent or divergent opinions of experts, summarise and precis three individual evaluation reports (IER) into a single Summary Evaluation Report (SER) v0.1.

Rapporteurs create a list of pertinent open issues to resolve from the IER and discuss them with the EIT UM quality controller and complete a SER before the Consensus Meeting.

Rapporteurs attend the Consensus Meeting, take notes of the discussion and scoring and write up the final version of the Summary Evaluation Report (SER) based on inputs received by the Evaluators. Rapporteurs then send the SER to the quality controller of their evaluation panel.

2.2.2.2. *Selection Committee support*

A Rapporteur can also be asked to attend to a selection committee to take notes of the meeting (i.e., developing the Selection Committee Meeting minute) and to compile the strategic recommendations and/or conditions proposed by the Selection Committee members to each preselected project proposal.

2.2.3. External Observer

The external observer is an optional role in the Evaluation process.

The external observer can be assigned to observe the work of a single Evaluation Panel or of different evaluation panels from the same call.

The external observer should be acquainted with all call documents, can read any finished IER, can participate at the Consensus meeting, can read any SER and Call report, and can also participate at the selection committee during the portfolio selection.

The main role of the external observer is to ensure from an additional external source the compliance of the Evaluation process with the principles of impartiality, transparency, and objectivity.

The external observer will deliver a final report on the call process (from the preparation to the selection) within 10 days from the last selection committee meeting attended.

2.3. How to become a registered expert

The forms:

- *Expression of interest – Expert Evaluator (Annex 1),*
- *Expression of interest Expert Rapporteur – Quality Evaluation (Annex 2),*
- *Expression of interest Expert Rapporteur – Selection Committee (Annex 3),*
- *Expression of interest – External Observer (Annex 4) and/or*
- *Applicant’s declaration form (Annex 5)*

must be completed and sent to procurement@eiturbanmobility.eu. You will receive a confirmation of receipt.

By the submission of a completed expression of interest EIT UM guarantees your registration into the expert pool data base. The registration will be valid for 36 months from the moment of our acceptance. Assignments will be performed periodically to the registered experts based on the expert’s experience and the business needs.

The registration by itself does not guarantee the selection for an assignment will occur, however it is mandatory to be fully registered to become eligible for future selections.

The criteria for selection are based on the specificities of the assignment, taking into consideration the professional and technical skills required. Additional considerations may include language skills, geographical, sector and gender balance. If selected for a specific assignment, EIT Urban Mobility staff will contact you to confirm your suitability and availability.

- Experience with EU-funded projects will be considered an asset.

- Proven capacity to work in English is mandatory.

Prior to any work assignment, Expert Evaluators/Rapporteurs/External Observers will be issued with guidelines covering a description of the tasks, duration, location (remote/physical), remuneration rates, and reimbursement/payment methods. Including the Code of Conduct as well as the Conflict of Interest form for each assignment to be reviewed and signed.

Periodically, a call for Expert Expression of Interest will be reopened to maintain an open, transparent, and fair selection of experts.

Personal data will be processed in accordance with Regulation No. 2018/1725.

2.4. Payment for Participation

EIT Urban Mobility will pay a service fee of:

- **Expert Evaluators:**
 - €200.00 (excluding VAT) for each evaluated proposal under a “regular call”;
 - €100.00 (excluding VAT) for each evaluated proposal under a “small call”;
 - €65.00 (excluding VAT) for each evaluated start-up under an “Impact Ventures call/process”.

This fee includes the attendance to the training webinar, the work related to the development of the Individual Evaluation Reports (IER) and the attendance at the consensus meetings.

- **Expert Evaluators + Expert Rapporteurs:**
 - €250.00 (excluding VAT) for each evaluated proposal + developed Final Summary Evaluation Report (SER) under a “regular call”;
 - €150.00 (excluding VAT) for each evaluated proposal + developed Final Summary Evaluation Report (SER) under a “small call”.
 - €90.00 (excluding VAT) for each evaluated start-up + developed Final Summary Evaluation Report (SER) under an “Impact Ventures call/process”.

This fee includes the attendance to the training webinar, the work related to the development of the Individual Evaluation Reports, to the development of the different versions of the SER and the attendance at the consensus meetings.

- **Expert Rapporteurs - Quality Evaluation:**
 - €200.00 (excluding VAT) for each Final Summary Evaluation Report (SER) developed for proposals under a “regular call”;
 - €100.00 (excluding VAT) for each Final Summary Evaluation Report (SER)

- developed for proposals under a “small call”;
- €65.00 (excluding VAT) for each Final Summary Evaluation Report (SER) developed for start-up under an “Impact Ventures call/process”.

This fee includes the training webinar, the work related to the development of the different versions of the SER and the attendance at the consensus meetings.

▪ **Expert Rapporteurs – Selection Committee support:**

- €100/hour (excluding VAT) for all hours invested in attending at the Selection Committees.

This amount also includes the development of the final version of the meeting minutes and the list of recommendations/conditions for each project proposal selected.

▪ **External Observer:**

- €650 (excluding VAT) for each “regular call” observed. This includes the analysis of the call documents, participation as external observer in the whole evaluation and selection process from the IER till the final portfolio selection.
- €325 (excluding VAT) for each “small call” observed. This includes the analysis of the call documents, participation as external observer in the whole evaluation and selection process from the IER till the final portfolio selection.

EIT Urban Mobility shall pay the Expert for their work, or part(s) thereof, within thirty (30) calendar days from the date of the invoice acceptance.

Invoices shall be paid electronically by EIT Urban Mobility to the banking institution/account number provided by Expert.

EIT Urban Mobility reserves the right to refuse to provide financial contribution in case of non-performance or poor performance of the work and/or breach of any substantial obligations, including the obligation of confidentiality, and the no conflict of interest declaration.

EIT Urban Mobility reserves the right to refuse to contribute for any report or other deliverable required by the appointment letter that is submitted beyond the date specified in the appointment letter.

EIT Urban Mobility reserves the right to recover any payment made to Expert who has breached the obligations arising from the declarations of confidentiality and no conflict of interest.

2.5. Who are we looking for:

2.5.1. Expert Evaluators

Applicants for the role of Expert Evaluators are required to comply with the following criteria to be included in the roster of experts.

- An advanced university degree attested by a diploma
- Participation in evaluation of EU-funded programmes, preferably Horizon2020 and/or HE
- Proven experience in at least one of the thematic area/topics identified in section 2.2.1
- Fluency in English (written and verbal)

2.5.2. Expert Rapporteurs

2.5.2.1. Rapporteurs – Quality Evaluation

Applicants for the role of Rapporteur are required to comply with the following criteria to be included in the roster of experts.

- An advanced university degree attested by a diploma
- Previous participation in evaluation of EU-funded programmes, preferably Horizon2020 and/or HE
- Previous participation in evaluations as rapporteur (or similar role)
- Ability to produce clear and concise reports
- Excellent communication skills (written and verbal)
- Fluency in English (written and verbal)

2.5.2.2. Rapporteurs – Selection Committee support

Applicants for the role of Rapporteur are required to comply with the following criteria to be included in the roster of experts.

- An advanced university degree attested by a diploma
- Previous participation in evaluation of EU-funded programmes, preferably Horizon2020 and/or HE
- Previous participation in evaluations as rapporteur (or similar role)
- Fluency in English (written)

2.5.3. External Observers

Applicants for the role of Observer are required to comply with the following criteria to be included in the roster of experts.

- An advanced knowledge of the specific sector of the call where he/she is involved
- Proven knowledge in evaluation of EU-funded programmes

- Fluency in English (written)

2.6. Award criteria

Candidates will be assessed on their CV and online forms provided at the link below. Applications will close on **12th July 2024 at 23:59 CET**. Selected candidates will be informed by the **9th August 2024** in case of inclusion in the roster of experts.

EIT KIC Urban Mobility values diversity and welcomes applications from all suitably qualified candidates regardless of age, gender, race, disability, sexual orientation, religion, or ethnic background.

A declaration of impartiality and confidentiality will be issued for its signature at the same time to be signed with the service agreement.

EIT KIC Urban Mobility will assess candidate's profiles based on the following documents:

- Updated CV
- Application Form

In the Application Form, candidate experts are requested to provide evidence of their skills, competences, and knowledge by providing concrete examples of previous relevant experiences.

Completed forms are to be sent to procurement@eiturbanmobility.eu with subject [Application for Expert evaluator], [Application for Expert Rapporteurs - Quality Evaluation], [Application for Expert Rapporteurs – Selection Committee support] and/or [Application for External Observer] within the deadline defined above.

Data Protection Disclaimer

Your personal data will be processed with utmost care by the EIT KIC URBAN MOBILITY, S.L. or its subsidiaries. The said processing will allow us to manage the recruitment of the call for expressions of interest - Selection of framework expert evaluators and rapporteurs, and more specifically:

- to enable you to submit your application and cv to apply for specific call,
- to match your details with the potential assignments related with the call and to eventually contact you
- to retain your details and notify you about future opportunities similar to the specific role for which you have contacted us;
- to answer your enquiries.
- You can exercise your data protection rights, writing to procurement@eiturbanmobility.eu.

You may find further information in the full GDPR Compliance privacy note for applicants available here: <https://www.eiturbanmobility.eu/privacy-policy/>.

Annexes

1.1 Annex 1 – Expression of interest - Expert Evaluator

Dear Expert,

In completing and submitting the attached Expert Expression of Interest (Eoi) form, you are applying to become a reserve expert to work with EIT Urban Mobility. All Expert Eoi forms are reviewed against specific tasks, assignments and selection criteria.

The Expert Eoi form will help ensure EIT Urban Mobility chooses the right experts for the right tasks. In the Eoi form you will be requested to:

- 1) Indicate three prioritised thematic areas in order of preference. This does not preclude you from being selected to work in another thematic area, if your skills and expertise meet the ones requested.
- 2) Provide personal information for contact purposes.
- 3) Describe your main skills and provide evidence of your expertise for three areas of activity (Innovation, Business, Knowledge Sharing). Please keep to the word limit in each text box. If a section is not specific to your expertise, please insert “Not Applicable” in that text box. This will not adversely impact our assessment of your primary skills and expertise.
- 4) You should attach a CV to the application.
- 5) The entire document should then be saved as one single file in .pdf format.

Completed Expressions of Interest should be submitted to the EIT Urban Mobility Secretariat by **12th July 2024 at 23:59 CET** to procurement@eiturbanmobility.eu.

Candidates can be contacted for work assignment from the moment they have a confirmation of Expert Eoi registration.

1. Thematic Areas

Select three thematic areas that are best suited to your expertise and skills.¹ These should be selected in order of preference from the following list: Impact Ventures, Citizen Engagement, Public Realm, Market Development, Innovation (Sustainable urban logistics, Energy, Energy - hydrogen, Future Mobility, Business modelling and commercialisation), Academy.

Thematic Area name 1

Explanation (references to the points mentioned under chapter 2.2.1)

Max. 500 words

Thematic Area name 2

Explanation (references to the points mentioned under chapter 2.2.1)

Max. 500 words

Thematic Area name 3

Explanation (references to the points mentioned under chapter 2.2.1)

Max. 500 words

2. Personal Information

Name:	Surname:
Nationality/ies:	Country of Residence:
Email:	Mobile:

¹ This does not preclude you from being selected to work in another thematic areas if your skills and expertise meet the ones requested.

Gender:	Mother Tongue/s:
Language/s:	English (C1 min):
Professional Web Profile: (i.e. LinkedIn, ResearchGate)	

3. Innovation Expertise

3.1 Knowledge and experience related to the three EIT Urban Mobility strategic objectives 1) improved quality of life in cities 2) mitigation of climate change, and 3) competitiveness of cities/job creation

Max. 300 words

3.2 Experience of the innovation, policy framework, skills and programmes for transport/urban mobility at regional, national and EU level.

Max. 300 words

3.3 Experience in evaluation, monitoring, assessment of projects across their lifecycle – ideation, conceptualisation, design, delivery, acceleration and commercialisation

Max. 300 words

4. Business Expertise

4.1 Knowledge and experience of business development, commercial innovation, and the start-up environment. Specific key skills related to business – R&D, intellectual property provision, incubation, marketing, financial sustainability, commercialisation, venture capital etc.

Max. 300 words

4.2 Ability to write and edit clear and concise reports based on evidence collected.

Max. 300 words

CV

Please include your CV. Then save the entire document as a single file.

Signed:

2.1 Annex 5 – Applicant’s declaration form

Applicant’s declaration form

<Date>

Contracting Authority:

EIT KIC Urban Mobility, s.l.

Torre Glories, Diagonal 211

24th floor

08018 Barcelona, Spain

VAT Number: B67513630

Subject: EIT Urban Mobility - Expression of Interest - Call for Experts

are submitting this form for this contract. I confirm that I am not participating in any other call for the same contract in any form (as in a consortium or as an individual candidate);

I also confirm that we shall take all measures to prevent any situation where the impartial and objective implementation of the contract is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests'). I will inform the Contracting Authority immediately if there is any change in the above circumstances at any stage during the implementation of the tasks;

I accept that during the implementation of the contract and for four years after the completion of the contract, the supplier must keep confidential any data, documents or other material that is identified as confidential at the time it is disclosed ('confidential information').

I accept that during the implementation of the contract and for four years after the completion of the contract, the Contracting Authority has the right for the purposes of safeguarding its financial interests, the proposal and the contract of the supplier may be transferred to internal as well as external audit services.

I understand that if the information provided is proved false, the award may be considered null and void.

Yours faithfully,

<Signature of authorised representative>
